# ACEIT

Developed by Cost Analysts for Cost Analysts
www.aceit.com

Do you understand ✓All the costs of your project?

ACEIT is a cost-estimating suite consisting of ACE, CO$TAT, POST, and JACS offering full program life cycle support. It is the premier tool for analyzing, developing, sharing, and reporting cost estimates, providing a framework to standardize the estimating process.

Not a black-box estimator but rather robust model-building tools for developing consistently high-quality cost estimates **with uncertainty**.

Training
- ✓ Classroom
- ✓ On-Site
- ✓ Self-Paced Training
- ✓ Tutoring

Support
- ✓ On-line Help Tickets
- ✓ E-mail Support
- ✓ Phone Support
- ✓ Support Alerts

ACEIT 8.1 Released Now Including
- New Session Sections and Enhanced Session Tree
- Learning Curve Visualization
- Calculation Details Pane Added
- Data Table Upgrades
