

ACEIT 7.5 - Released!

We are pleased to announce the production release of ACEIT 7.5. This version provides improved stability of all major applications and many new features for JACS reporting and charting.

CDs have been sent to the ACEIT POC at all sites with current license and distribution, maintenance and support (DMS).

New **license strings** for the Army and Army support contractors have been sent out. If you are expecting a new license string but did not receive it, please contact [ACEIT Sales](#) to ensure we have the proper contact information.

Complete [Release Notes](#) and documentation can be viewed on ACEIT.com from the User Resources, Downloads, Release Notes page.

The installation files are also available for download from the [Production Software](#) page. You must login first and belong to a site with a current ACEIT license and DMS. Note that the download file is quite large (over 200 MB) and can take a long time to download.

Tip of the Month

For an overview of the ACEIT 7.5 New Features, please see the "**ACEIT 7.5 New Features Presentation**" located under Start>Programs>ACEIT 7.5>ACEIT User Guides. Also in this folder is an "**ACEIT Future Preview Presentation**" showing the future direction of ACE. We welcome your feedback!

If you have any questions about installing or using ACEIT, please email ACEIT_Support@Tecolote.com.

Decide what ACEIT training is Right for You!

All training courses have been updated and will be taught with the ACEIT 7.5 software!

Sept 27-30 – ACEIT 101: Introduction to ACE, CO\$TAT and POST

ACEIT Mechanics Training

Need 1-on-1 assistance with **Cost Model Layout / Architecture?**
(Onsite or Remote)

Mechanics training provides a one-on-one training environment on ACEIT features/techniques to directly solve your specific problems. Through this offering we can

provide hands-on training to first-time users in implementing an ACE cost model; help convert Excel (or other) models to ACE; provide guidance on cost model enhancement; and provide advanced training on key tools and concepts like ACDB, CO\$TAT, POST, JACS and model automation using functions.

ACEIT Onsite Training

If you have 5-12 students needing training we offer **ONSITE** training.

Email for a Training bid: ACEIT_Train@tecolote.com or visit <https://www.aceit.com/training-center/training-options/on-site-training>
