**Tip of the Month**

*Do you ever have problems linking your POST workbook to a new ACE session? Here are some tips to make the process go more smoothly.*

1. Open POST first, then open the workbook containing the POST reports.
2. Use the **Open Session** button to open the new ACE session that you want to link the reports to (This opens the Inputs/Results Viewer that you can then close).
3. Select **Worksheets** from the Manage command group, highlight the worksheets you wish to update.
4. Press **Edit Session Links**. Select the **Session(s) to Replace** and then select the new ACE session from the drop down list in the **Replace With** section.
5. Select **Replace** to update the worksheets.

**Note:** Both ACE sessions must exist in order to maximize success. If the case names change, POST won't be able to update the report.

## ACEIT Training Announcements

### **Revised Training Courses**

All ACEIT classes, Basic 101, Advanced 201, RIŞK, and JACS, have been updated to reflect the new 7.4 software. Now is the perfect time to sign up for a class and learn using the latest version of the software. The updated classes include many of the new features like T functions and monthly calculations, new time phased report options, and enhanced charting capability. The RIŞK class has also been updated to reflect guidance in the new Joint Agency Cost Schedule Risk and Uncertainty Handbook.

We also have a **New Training Facility** in WDC. Classes are now taught at Knowlogy, located on Connecticut Ave next to the Farragut West metro station.

### **Knowlogy**

818 Connecticut Avenue, N.W., 4th Floor  
Washington, DC 20006  
Located 2 Blocks from the White House.
