

**"Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time."
Thomas A. Edison**

Tip of the Month
Setting Default Main Pane

You can choose which Main Pane tab new instances of ACE 8.0 open to using the **Layout ribbon > Select Panes > Default Pane**. This sets the currently active Main Pane tab as the default. This setting only affects your version of ACE and will not be carried with the file to other users' machines.

ACEIT 8.0 Service Pack 2: JSON Release!

The latest production version of ACEIT 8.0 is now available for download on ACEIT.com! The primary feature upgrade allows users to export ACE results as a Java Script Object Notation (JSON) file, a standard format ingestible to many data visualization tools like PowerBI and Tableau. A full list of feature additions can be found in the Release Notes, available on the software download page.

New Online Help Article
Building Toggle Switches and Stacks in ACE

In our most recent Online Help article, we discuss how to incorporate toggle switches and stacks into your ACE models. These techniques can help automate your What-If Cases by selecting between a list of alternative inputs, and can also be applied in numerous other scenarios throughout your model. For example, try using toggle stacks to simplify result comparisons between several CERs.
