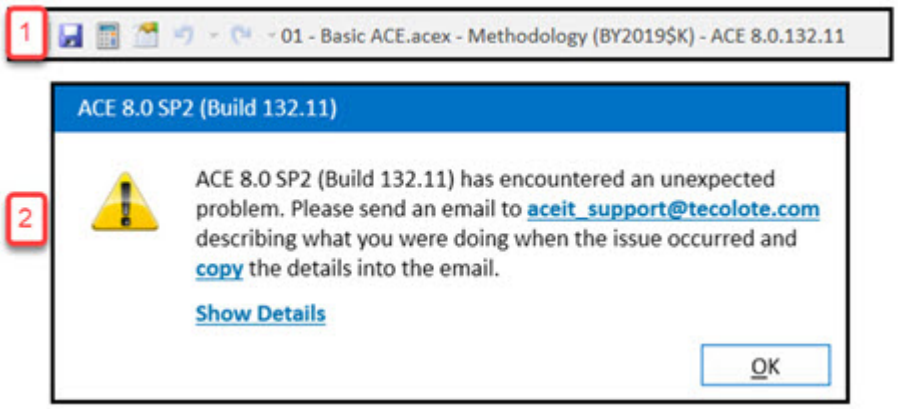
Monthly Newsletter
Issue 147
October 2021

"Success is the sum of small efforts - repeated day in and day out."
Robert Collier

Tip of the Month
Build Number Identification

Starting with ACEIT 8.0.132.9, the ACE build number is visible on the Title Bar (1) and in error message dialogs (2). You can find version and build information for all ACE 8.0 builds under File > Help.

Providing the build number to ACEIT Support can expedite response time.



New Inflation Update Available!
Air Force and Space Force indices posted to CADE

The ACEIT System Inflation Table containing 2021 updates for the **Air Force, Space Force, Army, Navy, and USMC** is now available.

This release is an update to the 2021 ACEIT System Inflation Table published in June 2021 and is posted to the Cost Assessment Data Enterprise (CADE) website at:

https://service.cade.osd.mil/cade/Site/Tools.aspx or under Data & Analytics > Resources > Downloadable Tools > Inflation and Escalation. This is a CAC-enabled site.

Refer to the ACEIT Online Help Article titled Creating Custom Inflation Tables to package inflation and escalation rates not included with this System Table.

Software Updates
ACEIT 8.0 SP2-003 JSON Hotfix and Production Releases

The latest production version of ACEIT 8.0 is now available for download on ACEIT.com! This

release includes the hotfix for ACEIT 8.0.132.9 SP2-002 which contains solutions for the following Support Alerts:

1) In any SP2 build (132, 132.5, or 132.9) monthly sunk costs are ignored in some situations.

2) When a row with a spread total phasing method (BE, W, RY, TS, TC, % or MS) also has a the Calculation Time Period set to "Monthly", ACE reports a total Point Estimate value that is double the expected value.

This production release includes all updates present in ACEIT 8.0.132.9 SP2-002 JSON Release including the feature upgrade allowing users to export ACE results as a Java Script Object Notation (JSON) file. A full list of feature additions can be found in the Release Notes, available on the production software download page.
A hotfix .exe file is also available and can be installed on top of ACEIT 8.0.132.9 (SP2-002 JSON Release).

Please contact ACEIT_Support@Tecolote.com if you have any questions.

Congratulations and Farewell, Steve Sekeres!

We would like to congratulate our ACEIT Sales Manager, Stephen Sekeres, on his retirement at the end of October 2021!

Steve has been a Tecolote employee for 26 years and has been a truly invaluable member of the ACEIT Team. Many ACEIT users have worked with Steve directly on renewals, licensing, and support, but we also are pleased to highlight the immense work Steve has contributed to marketing aspects and overall customer engagement. He will be greatly missed as a member of our team and we wish him well on his next venture!

Moving forward, please direct all sales queries and other topics previously addressed by Steve to ACEIT_Sales@Tecolote.com. We look forward to assisting you!

Training Schedule

Class Name	Date	Location
ACEIT for Model Builders (v8.0)	11/16/2021	Washington, DC
ACEIT for Advanced Model Builders (v8.0)	12/07/2021	Washington, DC
