

**The Purpose of ACEIT E-News:**

The ACEIT E-News was created to keep the ACEIT Community informed on changes to ACEIT. Our goal is to provide monthly communication to provide you insight on valuable resources for support issues, training opportunities, reference materials, upcoming seminars and conferences, and many other useful resources to the Cost Estimating Community.

You are receiving this e-mail because you have attended ACEIT training or are a current ACEIT user. If you wish to unsubscribe to our monthly e-mail notifications, reply to this e-mail with REMOVE as the subject.

**2005 ACEIT Training Schedule Now Available:**

Tecolote Research Inc. offers six standard training courses to fit your specific needs. Our Core Training courses include Basic ACEIT, ACE In Depth, RI\$K and POST *\*New for 2005\**. We also offer Function Specific training in the areas of Database Development (ACDB) and Methodology Development (CO\$TAT).

Training bundles are available through out the year to offer a lower price option for taking a combination of classes.

If you need more personalized training then you might want to take advantage of our Mechanics Training. Mechanics Training is designed to help you with the mechanics of your specific problem.

If you can't make it to one of our scheduled classes we'll come to you and teach an On-Site class.

For more information on Mechanics Training, view a detailed description [pdf online](#). For more on Tailored Training or to schedule an On-Site training class, contact [ACEIT Sales and Training](#) at (805) 964-6964 ext. 151.

**New Course Offering:**

**POST (2-Day Course)**

This course will help program office professionals and cost analysts to perform and present the results of ACE estimates and what-if scenarios. At the completion of the course you will be able to generate excursions, create estimate reports and charts, compare excursion results, and export the results to external presentations like PowerPoint and Word.
