

ACEIT E-News: ACEIT 7.1a Patch

Overview

Issue 32 – July 2008

In the July ACEIT E-News: ACEIT 7.1a Patch now available, 3rd Annual ACEIT User Conference announced, and the ACEIT Advanced Seminar Series comes to Washington, DC. All in this month's E-News!

Mark your calendars! 3rd Annual ACEIT User Conference, 26-28 January 2009.

ACEIT Update: ACEIT 7.1a Patch Now Available

This patch allows all ACEIT applications to run with Windows Vista and Office 2007 (Windows XP and 2000 with Office 2000 and 2003 are still supported). In addition, the patch addresses several issues found since the production release of ACEIT 7.1 in Dec. 2007. The patch is available as a download from the ACEIT website; please go to [Support > Downloads > Software Patches](#) to download the 7.1a patch. You may request a 7.1a CD from aceit_sales@tecolote.com.

For a complete list of software updates, please view the [Release Notes](#) posted on ACEIT.com. Following are a few of the items addressed:

- Reduced the ACE memory footprint to help eliminate out of memory errors when saving very large sessions
- Added extra validations of session file contents during open and save
- Several ACE-to-ACE and Excel-to-ACE plug-in refresh behaviors have been improved
- Fixed problems related to entering override values in the Inputs/Results Viewer

NOTE to Office 2007 users: The main menu for applications which run inside Excel 2007 (e.g., POST and CO\$TAT), will be located on the Excel Add-Ins ribbon.

Training Highlight

3rd Annual ACEIT User Conference Announced

The 3rd Annual ACEIT User Conference will be **26-28 January 2009** in Santa Barbara, California. Register early to take advantage of the Early Bird Registration, deadline is 30 October 2008.

This is the premier annual gathering for ACEIT users and managers that review ACEIT models! Now in its 3rd year, the conference brings together active users, casual users, decision makers, academia, and ACEIT community members to share their expertise and insights. This year, Walt Cooper, OSD CAIG, will give the keynote address that will focus on critical cost estimating issues in the R&D, Procurement and O&S environments. On day two, our guest speaker Rich Bazy, US Army TACOM, will give an overview of how ACEIT has influenced cost modeling in the weapon systems research, development, and sustainment environment. There will be two full days of practical and thought-provoking presentations, as well as useful ACEIT "how-to demonstrations". The ACEIT Users Conference is renowned for its value, energy, innovation, and contribution to the cost estimating community.

Many great papers will be presented at this year's conference. If you'd like to present, submit your paper today. See the [Call for Papers](#) section on the [ACEIT User Conference website](#) for complete details.

[REGISTER TODAY!](#)

ACEIT Advanced Seminar Series

This new training is a seminar that explores advanced risk modeling problems and solutions. It is designed for analysts who understand the basics of risk modeling in ACE and want to explore advanced concepts and modeling configurations. You will explore various topics including correlation, schedule/technical adjustments, risk allocation, risk phasing, discrete risk, and risk reporting. This course provides advanced training in the ACEIT tool suite focused on risk analysis.
