**Tip of the Month - Creating POST Cases that are Allocated at a Specific Confidence Level**

Have you ever wanted to display your POST outputs at a specific confidence level? Here is how you do it.

1. Open POST and view your ACE session in the Inputs/Results Viewer
  - a. Select **View Inputs/Results** from the Session section of the POST ribbon
  - b. Browse to your ACEIT session directory; select your file and click "Open"
2. Create a copy of the case you want to allocate and assign a descriptive name
  - a. Select Cases > Copy Case from the IRV menu
  - b. Give the new case a name indicating the confidence level it will be allocated from (e.g., "Point Estimate" case might become "Point Estimate at 80%")
  - c. Click OK to create the new case
3. Select the allocation level and confidence for the new case
  - a. Right click on the case and choose Case Properties
  - b. In the RISK section, select the "Allocate at" radio button and enter the desired confidence level
  - c. Select the level you would like to allocate from using the "Defined in" drop down
  - d. Click OK and calculate the new case
4. You can now create reports at the specified confidence level by selecting the new case on the Data tab of desired report.

**Support Alert Posted 11 March 2011**

**ACEIT 7.x - INFO: The 2011 AF Weighted indices are incorrect**

**Problem:** An error was discovered in the AF weighted indices in the 2011 inflation update.

**Workaround:** New indices have been posted on the [Inflation Indices](#) page in the Downloads section of ACEIT.com. Weighted indices for appropriations 3600, 3010, 3020, 3080, 3300, 3400, 3730 and 3830 have been updated with the correct rates.

**Support Alert Posted 18 February 2011**

**ACEIT 7.2 - INFO: The 2011 Inflation install generates an error "1606: Could not access network location \libraries\System\Inflation\"**

**Problem:** The 2011 inflation update install sometimes generates an error when installing on a Vista machine.

**Workaround:** Manually install the indices by downloading the zip file below and unzipping to c:\program files\aceit\7.2\Libraries\System\Inflation\USG. This copies all inflation tables to your computer. To use the 2011 inflation indices, open ACE's File Properties dialog, go to the Inflation tab and select the "US Government Indices for FY 2011" from the choice list.

**2011 Inflation Update.zip** (will require you to login to the website)

If you have any questions about these issues, please e-mail [ACEIT\\_Support@tecolote.com](mailto:ACEIT_Support@tecolote.com).

**ACEIT 101 Training Course Comes to Las Vegas**

**New to ACEIT?** Take this opportunity to sign up for the ACEIT introductory course, ACEIT 101. This 4-day course is scheduled for 28-31 March in Las Vegas. Space is still available!
