

MARCH 2023 | ISSUE 160

ACEIT eNews

This month check out a new online help article, an update on system inflation/escalation table, and the current training class offerings!

New Online Help Article: Input Sheet Report

In our next online help article, we show you how to share your Input Sheet with others that don't work with ACE. You learn how to generate an Input Sheet report, how to edit the format, and how to export the report to a different file type like Excel or a PDF.

To view more, log into [ACEIT.com](https://www.aceit.com) and visit User Resources > Online Help. You need to have an active ACEIT DMS to access this section of the website. You're also welcome to email ACEIT_Support@Teacolote.com with any comments, feedback, or ideas you have for future articles!

In Progress: System Inflation/Escalation Table Update

The ACEIT Team received updated inflation/escalation rates from several organizations including the Army, Navy, USMC, Air Force, Space Force, DHS, NASA, and NRO. We are working to provide an updated System Table to the ACEIT Community as soon as possible and will announce on [ACEIT.com](https://www.aceit.com) and in the ACEIT eNews when the table is ready.

As with previous years, the information in the table is Controlled Unclassified Information (CUI) and cannot be distributed from [ACEIT.com](https://www.aceit.com) or directly in software downloads. We'll announce where you can access the table when the update is complete. Thanks for your patience as we work to provide timely and accurate updates!

Please contact ACEIT Support with any questions.

ACEIT Training

Training Spotlight
